

MONTASSAR THEMRI

Junior Embedded Software Developer

+216 26 236 286 montassar.themri@gmail.com Bizerte, Tunisia LinkedIn github.com/TH-montassar

ABOUT ME

Computer engineer, 4+ years at Sagemcom (work-study): embedded development on residential gateways and Wi-Fi EasyMesh extenders. Embedded C development and work across the gateway network stack (DHCP, DNS, TCP/IP, IPv6, QoS, Wi-Fi 802.11, IEEE 1901, EasyMesh...); web skills (Python/FastAPI, React) built through my final-year and personal projects. Always learning new technologies: I build and publish personal projects regularly on github.com/TH-montassar.

EDUCATION

Université Sesame | 2022 – 2026

Engineering Degree — Computer Engineering

Specialty: Embedded Systems. Work-study program (alternance) with Sagemcom. Final-year project: *Dynamic Packet Capture*. End-to-end IoT mini-projects: from the hardware (sensors, microcontroller) to the web interface.

ISET Jendouba | 2019 – 2022

Applied Degree — Computer Technology

Specialty: Information Systems Development. Academic project: stock management web app (Spring Boot, Java, MySQL).

WORK EXPERIENCE

Sagemcom, Tunisia | Sep 2025 – Present

Junior Embedded Software Developer

Embedded development in C for residential gateways and Wi-Fi EasyMesh products (Git, Jira, agile team).

Sagemcom, Tunisia | 20/02/2026 – 16/08/2026

Final-Year Internship (PFE) — Dynamic Packet Capture

AI-assisted network troubleshooting platform: automatic captures on network errors, DHCP/DNS/802.11/EasyMesh parsing, a rule engine and a local LLM for the diagnosis.

Python · FastAPI · Celery · PostgreSQL · Redis · Scapy · React · Docker

Sagemcom, Tunisia | Apr 2024 – Aug 2025

Test Technician

Functional and network testing of gateways and extenders; defect reproduction and capture analysis.

Sagemcom, Tunisia | Jul 2022 – Mar 2024

Software Developer

Embedded development and maintenance within the R&D team, alongside engineering studies.

Joodlab, Sousse (remote) | 16/02/2022 – 16/05/2022

Final-Year Internship — Applied Degree (PFE)

- **Dukkan — multi-vendor e-commerce marketplace:** stores, cart, orders, wishlist and reviews; JWT authentication and admin / merchant / customer roles.

MongoDB · Express · React · Redux · Node.js · Tailwind CSS · github.com/TH-montassar/dukkon-PFE-2022

Bee Coders, Ariana | 01/07/2021 – 31/07/2021

Technician Internship (mandatory)

- **Aguide Tour — tourist guide mobile app:** Android app helping tourists discover Tunisia with in-app tour guides.

Android · Java · XML · Firebase · github.com/TH-montassar/APPMobile-Guide-tour

ESCOM, Ariana | 10/08/2020 – 05/09/2020

Introductory Internship (mandatory)

- Created a static website for the company.
- Observed and described the company's structural and operational organisation; Sage training.
- Volunteering (Jul 2020): LAN/WAN network maintenance, installation and configuration of equipment.

SKILLS

- | | | |
|------------------------------|------------------------------|------------------------|
| • C, Python, Java | • JavaScript, React, Node.js | • FastAPI, Spring Boot |
| • TCP/IP, DHCP, DNS | • Wi-Fi 802.11, EasyMesh | • Wireshark |
| • PostgreSQL, MySQL, MongoDB | • Git, Jira, Docker | • Linux |

CERTIFICATIONS

MTA: Database Administration Fundamentals — Microsoft, 2021

Crash Course on Python — Google

Android Development — The Bridge

LANGUAGES

Arabic — native
